

Mykola Grynevych

Full-Stack Developer | Backend Developer

SUMMARY

Full-Stack and Backend Developer with 4+ years of experience across commercial projects, freelance work, and a QA engineering role at Pixotope in Oslo. I build web applications using Python, Django, React, and TypeScript — writing code that is clean, testable, and built to scale. I approach every project from the user's perspective, thinking ahead about edge cases and long-term maintainability. SOLID and DRY are not just principles I know — they are habits I code with every day.

SKILLS

Python JavaScript React Cypress Django
Django Rest PostgreSQL Docker TypeScript PyTest
QA GIT AWS MongoDB Express.js Node.js
RESTful API HTML5 CSS Linux/Unix Redis

WORK EXPERIENCE

- QA Engineer at **Pixotope** 2025-2026
 - Built new Cypress tests covering new product functionality
 - Refactored existing test suite — making tests more stable, future-proof, and maintainable
 - Reduced total test run time by 40%
 - Reported bugs identified during test development
 - Collaborated with developers to identify and resolve defects early in development cycle
 - Participated in code reviews and provided QA perspective on new features
- Owner at **GD Studio** 2022-2024
 - Designed and developed custom websites for financial companies — UI/UX design, layout, and frontend implementation
 - Built a full frontend for an e-commerce store with unique custom design
 - Developed private web applications for internal client use
 - Built personal portfolio site: grynevych.dev
 - Managed project timelines, client communication, and requirements independently
 - Stack: Python, Django, Django REST Framework, PostgreSQL, Docker, React, Vue.js, JavaScript, HTML/CSS, Bootstrap
- Python Developer at **DGFinance** 2021-2022
 - Maintained and updated the existing production website
 - Developed a new website using Python and Django
 - Built web scrapers/parsers for data collection
 - Handled frontend tasks alongside backend development
 - Stack: Python, Django, MySQL, HTML/CSS, JavaScript

EDUCATION

- Marine Engineer — Ship Power Plant Mechanic at **ODESA MARITIME PROFESSIONAL COLLEGE OF SEA FISHING FLEET NAMED AFTER OLEKSII SOLYANYK** 2012-2016

CONTACTS

Location

Oslo, Norway

- ✓ Remote
- ✓ Office
- ✓ Will consider relocation
